YOU KEEP US MOVING

BALLET AUSTIN'S RECOVERY CAMPAIGN

You Keep Us Moving Recovery Campaign Language:

Only you can keep us moving through one of the most difficult times in our nation's history. Whether you enjoy our performances or dance/fitness offerings yourself, or know someone who does, welcome to the Ballet Austin family.

COVID-19 is creating some of the greatest challenges Ballet Austin may ever face. While we are confident that we will emerge from this crisis a stronger, more resilient nonprofit organization, we face a potential $4M loss in revenue - nearly 40% of our budget. The remainder of 2020 is critical to defining the immediate future of Ballet Austin

We've set a goal of $1.3M**; the funds needed to keep our organization moving until we can be safely together again.**

We want to be here for our community ... to create and share the experience of dance and the encouragement of health and well-being

But we can't keep moving without you.
