

## Gabrielle Carrasco, Teaching Assistant

Gabi was born and raised in El Paso, TX and recently moved to Austin, now pursuing her Bachelors of Arts in Psychology with a focus on Child Psychology. She began training at a young age in Ballet and Tap, at the Elite Academy of Dance and as she grew older, she branched out to other styles, fostering her passion for contemporary and modern styles. She has competed for the majority of her youth years and acknowledges that she wouldn't be at this place in her life without all the wonderful dance instructors who have influenced her. She is thrilled to be on the opposite end this time getting to work with children who hope to find a home in dance the same way she did!
